

Demetra Papastamatatos

Esthetician

After living her whole life in Orlando, Florida, Demi decided to pack up all of her belongings and move across the country on a whim, trading the beach for the Rocky Mountains in November 2017.

Not only is Demi a full-time esthetician and spa concierge at The Spa at Matrix, but she is also a freelance photographer and loves exploring during her free time.

Demi decided to pursue a career in esthetics because she struggled with acne for years as a teenager. Being able to help others feel and look beautiful is the best part of her career. She is a graduate of the Florida College of Natural Health pharmaceutical skincare program and completed 900 hours of study.

As an esthetician, Demi's top priority is revealing her client's natural beauty and making them feel relaxed. She also has years of waxing experience and loves to perfect brows. She believes that it's important to educate her clients about the importance of skincare and and being healthy on the inside and out.
